

MODEL DESIGN PROJECT

Theatre Productions

Task: You have been hired by a director to design the set for a fairytale of your choice. You must create a model of your set design to present to the director. You may choose between creating a specific scene from the fairytale or create a general set where most of the story will take place.

Requirements:

- **Must complete the Model Design Project Planning Sheet**
- **Must sketch three thumb-nails of possible designs for your set**
- **Build a completed, professional 3-D model of your final set design to be presented in front of the production team**
 - **Must include all necessary pieces: furniture, flats, backdrops, etc.**
- **One-page, typed rationale paper explaining why you chose to design the set the way that you did**
 - **Include your design concept (how the play is supposed to look and feel)**
- **Research Collage: A collection of pictures and colors that influenced your design.**

This project is due _____ and is worth _____ points
NO EXCEPTIONS, NO EXCUSES! Part of theatre is the importance of meeting deadlines. Be prepared to present your final design model to the class and be able to explain your design concept on the day it is due.
