

MODEL DESIGN PROJECT PLANNING SHEET

What is your design concept? (What mood do you want to create with your set? How do you want your play to look like?)

List three possible time periods for your design:

What type of theatre space will you use and why? (Proscenium, arena, thrust)

What are five colors you will you mainly use to paint your set? Why?

**Which scale will you use to build your model? (1/2" or 1/4")
What furniture, shrubbery (plants, trees, and flowers), props, backgrounds, etc. will you be using for your set? Why?**

What materials will you need to create your model? Make a shopping list of items you will need to collect for the next class period.

Make a step-by-step list of how you will create this model.
